

Communication

Governor Survey Autumn 2017

Do we have engaged parents?

171 responses

Yes!

59% of those responding happy to be contacted regarding their results

88% of those responding agree/strongly agree that they want to know what's happening in the classroom

63% response rate – but some will have 2 children at school

Device Ownership

99.4%

Have access to the Internet

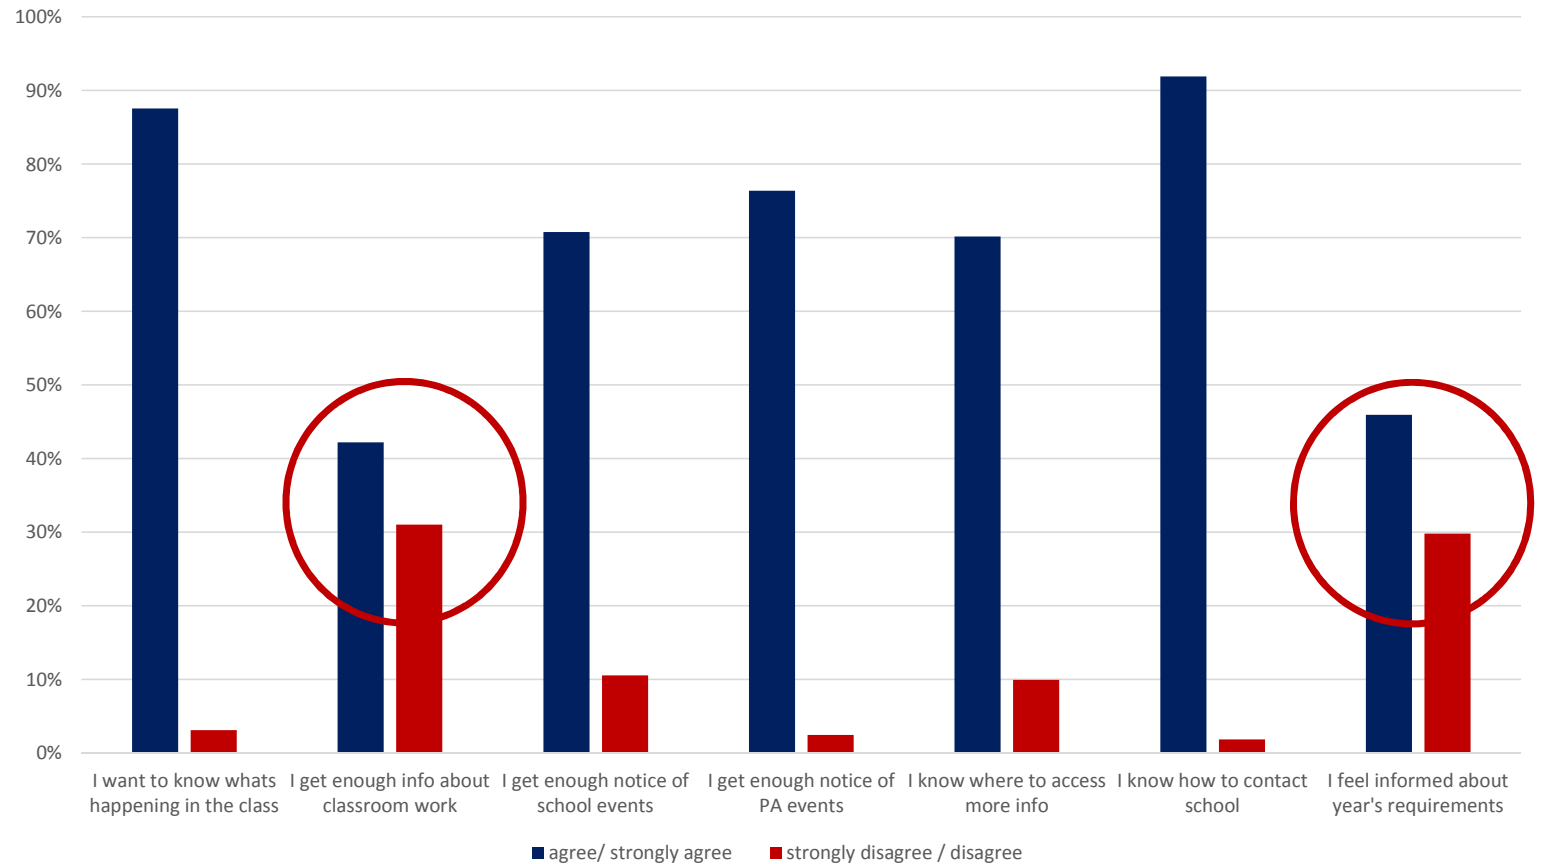

Do our parents feel that get enough information?

88% of our parents want to be informed of what their children are working on...

But,

- **31%** don't feel that they get enough info about classroom work
- **30%** don't feel informed about the year's requirements

I welcome texts, but find I receive many irrelevant messages, sometimes sent at inappropriate times

I am not aware of the objectives for the year or ongoing projects. It would be nice to be more informed so we could support with home learning

Fab School, Fab Teachers, Fab Communication

More notice of events such as sports day /Christmas play

Very good with texts and look forward to the newsletter

VLE – find it difficult to navigate, is it fit for purpose?
